

HER TEACHING WENT TOO FAR.

Why Mother Church Censured Mrs. Stetson.

She Ignored Caution Not to Defy Herself.

Farlow Declares the Case Is Now Closed.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Oct. 17.—[Exclusive Dispatch.] "Whatever action the trustees of the New York branch church may be taking to smooth over the feelings of Mrs. Augusta P. Stetson, who had been disciplined by the Christian Science church, the case practically closed," said Alfred Farlow yesterday.

"She was censured according to the bylaws of the church, and as far as the mother church is concerned the affair is a closed incident."

"But why all this talk about Mrs. Stetson, and why has her case been deemed worthy of such great importance?" Farlow was asked.

"The action taken in Mrs. Stetson's case has not been at all different from action that would be taken in the case of any person found in position of variance with the teachings of Christian Science," he replied. "The action has not been personal, neither has it been, as one New York paper put it, the growth of envy."

"Mrs. Stetson was admonished that her teachings and methods were at variance with the teachings of the mother church, and after being admonished, the board of directors punished her, and Mrs. Eddy approved the action. Her teaching to her pupils were un-Christian, and consequently in error."

"The directors found that Mrs. Stetson's teaching was too personal. Mrs. Eddy herself cautioned Mrs. Stetson not to allow her teachings to serve of dedication to herself or to Mrs. Eddy. The teachings of Christian Science are impersonal, rather than personal."

"And as regards the suggestion, so-called, I personally have no knowledge that the matter of succession has ever been considered as a possibility. How can there be succession? Mrs. Eddy? Mrs. Eddy discovered Christian Science, wrote her text-books and organized the church. What would there be for any one to succeed to? Of course, there must be a leader, while Mrs. Eddy lives, but after her death, in the sense that she is the leader and founder, would be impossible."

"But, is it not true, Mr. Farlow, that such a contingency has never been discussed, and plans made accordingly?" he was asked.

"Oh, that I do not know," replied Farlow.

"Mrs. Eddy herself and possibly the board of directors may have considered the matter and made arrangements for it, but I have no knowledge of it. The contingency is somewhat remote, for the last time Mrs. Eddy was in the city, she was sitting erect in her chair, alert and keen as ever. You know Mrs. Eddy is a great deal older than I am, and she is a great deal more alert than I am."

"But, is it not true, Mr. Farlow, that such a contingency has never been discussed, and plans made accordingly?" he was asked.

"Oh, that I do not know," replied Farlow.

DEFENDS THE CHRISTIAN SCIENCE CHURCH.

Alfred Farlow,

publicity agent of Christian Science Church, who in statement yesterday told why Mrs. Stetson was expelled from membership.

PREACHES ANOTHER SERMON.

PRESIDENT DEDICATES ARMY CHAPEL AT FORT SAM HOUSTON.

In His Capacity as Commander-in-Chief, Accepts the Structure Being Built by Citizens and Preaches Sermon to Civilians and the Military—Will Lay the Cornerstone Today and Review the Troops.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN ANTONIO (Tex.) Oct. 17.—President Taft's travels brought him to the far south today. After twenty-four hours of continuous journeying from El Paso he arrived here at 7:30 p.m., and was given a cheering welcome. After being received by the city officials, the President was driven to the hotel with an escort of cavalry and later in the evening he proceeded to Fort Sam Houston, where he assisted in the dedication and accepted on behalf of the government, the chapel which has been erected by the citizens of San Antonio.

Tomorrow morning the President will lay the corner stone of the nearly completed chapel, review the troops stationed at Fort Sam Houston, and, returning to the city, will make an outdoor address from a stand in Alamo Plaza. He will leave in the afternoon for Gregory, near Corpus Christi, to pass four days on the ranch of his brother, Charles P. Taft. The President's train was one of fourteen specials running into San Antonio, ten minutes apart. Most of the trains were filled with troops returning to Fort Sam Houston from duty at the meeting of President Taft and President Diaz.

RAILWAY RECORD.

SUES TO UNTANGLE MIX UP OVER RAILROAD BONDS.

(BY DIRECT WIRE TO THE TIMES.)

DETROIT (Mich.) Oct. 17.—[Exclusive Dispatch.] Seven months after the bonds were obtained by Louis Smith yesterday upon Arthur M. Stillwell of Kansas City, president of the Kansas City, Mexico and Orient Railway, in a suit for possession of Mexican government and railway bonds valued at \$20,000. The suit was started one before, but was blocked by a Michigan statute, which has since been amended.

The suit grew out of one of the deals of Frank C. Andrews, president of the defunct City Savings Bank. Several years ago Sidney A. Withers, Arthur Stillwell, Alonzo Fernandez, a relative of President Diaz of Mexico, and Albert X. Milliken secured a grant from the Mexican government to build the railway from Kansas City to Mexico, the government offering \$100,000 government bonds for every mile of the railroad built in that country. The four secured a sum of \$1,000,000 and expected to receive \$10,000 Mexican bonds, \$10,000 railroad bonds and \$400,000 railroad bonds.

Withers assigned his share to Frank C. Andrews as collateral on a note over which a lawsuit ensued. The note and order for delivery of the collateral were among the assets taken by the receiver of the defunct bank and were sold to Smith as a nominal sum. Smith's commenced action last May to get possession of this stock. The suit was withdrawn and the present one commenced, in which Smith and Withers both are joined as defendants.

About 400 miles of the road have been built in Mexico, giving the company \$4,000,000 government bonds. A long stretch has also been built in the United States. Stillwell is referred to as a second Harrison, it being thought his road holds the key to the transcontinental line.

ALL ON SUNDAY.

CHURCH PARTY SHIPWRECKED, AFLOAT IN LONG ISLAND SOUND.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 17.—[Exclusive Dispatch.] Seven men and the congregation of Emmanuel Baptist Church, at 216th street and White Plains Road, and their pastor, were shipwrecked and adrift on Long Island Sound, Saturday night. After being buffeted about in a small catboat for thirteen hours three of the party, the Rev. Raymond J. Davies, Mrs. Frederick Parsons and Miss Ethel Dobbs, were rescued at 7 a.m. today near Greenwich, Conn., by a lifeboat lowered from the steamer Yale.

The others refused to leave the wreck, and the catboat was wrecked before they were picked up by a tugboat sent from New Rochelle. They were so exhausted and so chilled with the cold they could hardly speak when lifted to the tug. Mr. Parsons, the last to leave the catboat, had just been pulled over its side when a sea filled the craft and it listed and capsized. The plight of the party was due to the dismemberment of the propeller.

The catboat was under the locomotive as it turned over and died shortly after being taken out. Fire on Stutzman of Long Island was caught under its engine and was killed instantly. The body being horribly mangled. Engineer J. S. Gallagher of the Limited jumped, but was badly hurt. Fireman J. L. Dickson of the freight was also seriously hurt. The mail car went completely over, but the clerks escaped with bruises. The passenger coaches remained on the track, and no passengers were hurt beyond the shock-up.

EMMA GOLDMAN IN FIERCE TALK SAYS REVENGE FERRER.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Oct. 17.—Aroused by the speech of Emma Goldman, a crowd of 1,000 men and women, socialists, anarchists, and other radicals, packed an East Side hall and, unmolested by the police, adopted resolutions denouncing the execution of Ferrer.

"Alfonso, the assassin," was muttered in three languages, English, Spanish, and French, as the succeeding speakers talked the Spanish monarch and hinted that revenge was yet to come.

Emma Goldman, who was the chief speaker, sought to draw a parallel between the case of Ferrer and those of Moyer, Haywood and Pettibone of the Western Federation of Miners.

It was announced that a more comprehensive gathering will be held at Carnegie hall Tuesday night.

The resolutions adopted recite in part: "The murder of Ferrer was committed by the unholy trinity—church, money and government. This trinity itself is the cause of the Spanish revolution, and the cause of the Spanish revolution is the cause of the Spanish revolution."

Emma Goldman was the last speaker. Among others who aroused the crowd were Alexander Berkman, her associate, who served a penitentiary term for shooting H. C. Frick, and Arthur Bullard, who knew Ferrer in France.

"I am not here to mourn, but to celebrate Ferrer's death," she cried. "In this age of greed, cowardice and indifference, we must cheer for that there was such a man as Ferrer, who had rather die than live like a dog. If I believed that the American workman had enough revolutionary spirit, I would ask them to follow the examples of France and Italy, go on a general strike and declare to their bosses their strength, in honor of Ferrer."

EUROPEAN SITUATION.

(Continued From First Page.)

half the price of Ferrer's life. He called the Russian Emperor "a dirty swine" and said King Edward, who could have prevented the execution, was responsible for whatever might happen in England as a result of the execution of Ferrer.

He demanded the expulsion of the Spanish Minister.

The Socialist societies, carrying banners, then marched to the Spanish embassy, singing revolutionary songs and shouting King Alfonso. A rabble accompanied them, filling the streets.

It was dark when they reached the open square in front of the embassy, and they found that the square was filled with police. The crowd was dispersed, and the police entered the square or stop outside of it.

The crowds which turned back were kept moving up Victoria street toward the Parliament buildings, singing, shouting and making a great noise. They drove the mob into the side streets, dispersing it without trouble.

BLACK FLAGS TAKEN BY GENOA POLICEMEN.

(ASSOCIATED PRESS NIGHT REPORT.)

GENOA, Oct. 17.—A Ferrer procession, in which many of the marchers carried flags draped with crepe, one of them having a caricature of King Alfonso with the inscription "Alfonso is a Monster," caused a fight with the police today. The police succeeded in capturing the offending flags, but the mob did not disperse.

The line of march was taken up to the Church of the Angels, which was pelted with stones. The police charged the rioters. A sharp fight ensued, and the mob then started to attack the office of the Diario de La Marina, but was driven back.

Italian Prelates Hissed.

PISA (Italy), Oct. 17.—Cardinal Pietro Maffi, the Archbishop of Pisa, and several bishops, while attending the Congress of Music here today, were hissed by the crowds with cries for Ferrer.

Church Windows Smashed.

EVERY HAND AGAINST THEM.

BULLETS BRING DOWN CONVICTS

Pose Gets Three of Escaped Oregon Prisoners.

One Dead and Two Badly Injured in Fight.

Pierce Battle Waged on the Banks of River.

(Associated Press Night Report.)

SALEM (Or.) Oct. 17.—One of the five convicts who escaped from the penitentiary guards Friday is dead, and two others are badly injured, and the third is seriously hurt, but there is doubt of his surviving. This is the result of a battle last night and this morning between three of the convicts and a posse of nearly sixty men. The battle of the night was fought on the banks of the Willamette River, between ten and fifteen miles south of here, and near there last night's fight occurred.

The dead man is George Carter, a member of the Eastern Oregon horse stealing gang. He was the leader of the gang. He was shot through the wrist and in the forehead.

George Duncan was shot through the stomach and probably will die. He also was serving a sentence for horse stealing, and is believed to have been Carter's partner. Albert Ferris was shot through the head and is in a serious condition, but has a fighting chance for life. He was serving a sentence for burglary.

MAN HUNT RENEWED. Just as soon as it was light this morning the posse which had discontinued the fight after carrying it on until considerably after midnight, took up the search again. The men did not move far during the hours before daylight, and soon were making their way up stream carrying Duncan on a stretcher. The posse began shooting at the gang, the bullets taking effect from the front. Carter was killed on the spot, and the other two were badly injured to resist.

After they had been secured it was ascertained that Duncan had been wounded by Sheriff H. P. Minto of Marion county, turned his attention to the other two of the gang, who separated from him and made their way to the north.

Some time Friday night or Saturday, Minto and his party are following a trail which they believe is that of Minto. Minto is believed to have been shot by Minto. Minto is believed to have been shot by Minto.

HITS SUFFRAGETTES. SHE'D RATHER SEE A PRIZE FIGHT. MME. SCHUMANN-HEINK WOULD PREFER IT TO PARADE.

Admits She Never Witnessed One, But Says She Would Prefer It to Watching a Lot of Women Marching About Scrambling About Women's Rights.

CHICAGO, Oct. 17.—[Exclusive Dispatch.] Mrs. Schumann-Heink says she would rather see a prize fight than a suffragette parade, and would rather hear the prattle of her own children than the cheers of thousands.

After her concert this afternoon she discussed almost everything but music, which was positively tabooed. Her inquirer had been informed at the door that she did not care to discuss her concert tour. It was suggested that she might discuss women's rights or the recent heavyweights championship prize fight.

"Come in and I will talk prize fight with you," she said. "I know something besides music, you see. Now, I never saw a prize fight, but I would rather see one than watch a lot of women who ought to be at home tending their babies while they make a nuisance of themselves about woman's rights."

"Women, if they only knew it, have more power today than any so far in the history of the world. What a goodly gift it is to have children to raise into men and women. I have eight children and five grand-children, and therefore I feel that I have more power than any man living."

OBITUARY.

Charles D. Pierce. STOCKTON, Oct. 17.—Charles D. Pierce, formerly of Oakland and a retired capitalist, died at his home today from an illness of long standing, death being deemed directly due to his fall from a horse recently. Mr. Pierce left a wife and a brother, Frank Pierce, of San Francisco. With his brother, he was owner of the Pierce Land and Stock Company.

UP AND DOWN THE VALLEY.

PITH OF THE NEWS FROM OUT THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 17.—[Exclusive Dispatch.] Today had more the aspect of a real winter's day than any so far this fall, it being one of those cloudy, dark and muggy days. The maximum temperature was 49 and the minimum 40 deg. Middle West temperature at 7 p.m.: Alpena, 46; Bismarck, 35; Chicago, 45; Cincinnati, 45; Cleveland, 45; Denver, 45; Des Moines, 50; Detroit, 45; Duluth, 35; Evansville, 45; Green Bay, 45; Helena, 45; Huron, 35; Indianapolis, 45; Kansas City, 50; Marquette, 45; Memphis, 45; Milwaukee, 45; Omaha, 50; St. Louis, 50; St. Paul, 40; Salt Lake, 35; Springfield, 45; Wichita, 45.

BUCHANAN'S DEATH.

(Continued From First Page.)

connected with the Department of State in important diplomatic work and was regarded as a foremost American diplomat.

Mr. Buchanan was born in Covington, O., September 10, 1853. He was appointed United States Minister to the Argentine Republic by President Cleveland in 1894. He negotiated a reciprocity treaty between Argentina and America that gave promise of benefit to the business interests of the two countries, but this failed of ratification by the United States Senate.

One of his important achievements while in Buenos Aires was his settlement of the boundary dispute between Argentina and Chile which threatened to involve the United States in war. Mr. Buchanan, as director general, successfully managed the Pan-American exposition at Buffalo.

SMOOTHED PANAMA ISSUES.

Scarcely had he finished his service as a delegate to the Pan-American conference in Mexico City in 1902 before he was again drafted into the diplomatic service to become the first United States Minister to Panama.

Voluntarily relinquishing that post when his work was done, Mr. Buchanan went later to Europe as representative of large business concerns. Soon after he came from the State Department, and he was to the Rio Janeiro conference and then to Venezuela. American concessions and diplomatic business generally, was in bad shape in that country and Mr. Buchanan succeeded in arranging for a private settlement of four of the five great American claims against Venezuela.

For the reference to the Hague tribunal of the fifth, he had been named as agent for America in the presentation of this case—that of the Orinoco Steamship Company—to the Hague tribunal when he left New York for London recently, and was in the company of the State Department almost up to the day of his death in regard to this business.

Julia Marlowe, the Actress, and Mrs. Samuel Untermyer, Esquire.

Cause of Votes for Women.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 17.—[Exclusive Dispatch.] Mrs. Samuel Untermyer, wife of the noted lawyer, and Miss Julia Marlowe, the actress, proclaimed allegiance to the cause this afternoon at a luncheon given by Mrs. Marlowe at her home in the city. Mrs. Untermyer, daughter of the late Robert Ingersoll, at her country place at Debbes Ferry, neither of the speakers showed any signs of being tired by the four winds of heaven. Mrs. Untermyer frankly confessed she had resigned as vice-president of the League of Women Voters, an "anti" organization, and was going to join both of the leading societies for women's rights. She even outlined a plan for a meeting, which she wants to hold in her home, where she would have a working girl suffragette instead of "upper teners." She said her husband would be very glad to preside at such a meeting as he had always been a suffragist.

As for Miss Marlowe, she is going on the stump, and even the usually street corner—this winter to help get votes for women. She says she has always been a suffragist, though she never "spoke out in meeting" before.

"I have a little newsboy friend," she laughed, when she first began to tell papers. "He grinned at me and said: 'Well, that's the way I am about suffrage. I guess I was just born doing it, and this winter I'm going to do it in earnest.'"

VANDERBILT TO RESCUE.

When Express Train Left Track He Joined Relief Corps to Aid Injured.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 17.—[Exclusive Dispatch.] William K. Vanderbilt, Sr., principal owner of the New York Central, and W. C. Brown, president of the road, and William H. Newman, the former president and now a director, were severely shaken up in their private cars today, when the New York Express, train No. 25, was derailed by a broken rail near Rhinecliff station. One man was killed and ten people were hurt when the express was flung off the track.

The Vanderbilt party was returning from a trip of inspection of the line of the railroad. They did yeoman service in caring for the injured.

DIAMOND ROBBERY PUZZLES.

Ten-Thousand-Dollar Necklace and Princess Ring Stolen from Tiffany's Workshop.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 17.—[Exclusive Dispatch.] A mysterious theft of a diamond necklace valued at \$10,000 and a Princess ring, set with four rows of diamonds, from the workshop of Tiffany & Co., is furnishing a puzzle, which a score of private detectives so far have failed to solve. These gems disappeared only four days apart, despite precautions that would seem to make such thefts impossible. The search of the workshop, however, and corner in the room yielded nothing. Every employee gave a satisfactory account of himself.

FACTS FEATURES AND FANCIES FOR WOMEN

BY MISS SYDNEY FORD.

Perhaps it's because the eyes of the whole world have been turned recently to Arctic regions, perhaps it's because weather wisecracks prophesy an unusually severe winter in the lands where snow falls and frosts freeze, perhaps, anyway, fashion's forecast is that never before in this generation, or any other for that matter, has there been such a demand for furs as right now.

Everybody, high and low, rich and poor, wants a fur. Purriers declare that the precious pelts have gone up in price—some of them as much as 200 per cent.—which is rather discouraging in the face of such a demand. And, by the way, how long will it be before the Audubon Society will take a hand in protecting the skins of animals as well as the bodies of birds? When one looks at the soft, fine furs, and listens while the salesman tells that the reason this piece is so expensive is because it is the fur of tiny, new-born animals, and therefore so quired many pelts to make up the piece, you shudder at the cruelty of it.

The supply of fur is certainly not new-born animals, and therefore so quired many pelts to make up the piece, you shudder at the cruelty of it. The supply of fur is certainly not new-born animals, and therefore so quired many pelts to make up the piece, you shudder at the cruelty of it.

Voluntarily relinquishing that post when his work was done, Mr. Buchanan went later to Europe as representative of large business concerns. ENDS DYSPEPSIA IN FEW MINUTES.

GAS, HEARTBURN, HEADACHE, AND ALL MISERY FROM THE STOMACH VANISHES BEFORE YOU REALIZE IT.

There is Not a Single Reader of The Times Who Suffers from Any Form of Stomach Trouble Who Can Afford to Leave Diapiesin Untested—There is No Other Preparation which Gives Such Prompt and Lasting Relief

There would not be a case of indigestion here if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sour, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 50c case of Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, Nausea, Headache, Biloiousness and many other distressing symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas or your food doesn't digest, and your nerves don't seem to fit, why not get a 50c case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

SIGHT DRAFT HIS UNDOING.

Interesting Confession of Polished Horse Thief.

Game Was So Easy He Became Over-Confident.

Pose as a Preacher Was a Rather Bad Break.

P. F. Dittenderfer, alias Gilroy, alias L. D. Dittenderfer, was arrested in Oakland Saturday, by Deputy Sheriff Claude Matheson, has been brought to Los Angeles, and yesterday made a complete confession to Sheriff Hammett. His career as a horse thief, about four months but his cunning enterprise and cool deliberation makes his story as interesting as a time novel.

By his own statements to the sheriff, Dittenderfer was one of the most methodical, original and active horse thieves that ever plagued any part of the state, and at the same time he was a daring and clever horse thief.

He was a California native, and was born in the town of Covina, in the county of San Bernardino. He was a member of the Covina team, which was worked upon for a long time by Deputy Sheriff Wright.

Dittenderfer, who was a member of the Covina team, was a member of the Covina team, which was worked upon for a long time by Deputy Sheriff Wright.

The public is cordially invited to inspect our new Bedding Department. With its present unique advantages, we believe we can call it the largest and best arranged Bedding Department found anywhere.

All blankets are kept behind glass doors, thus insuring you perfectly clean goods. Nine big show cases exhibit our Fancy Colored and Plaid Blankets, Silk Comforts, Steamer Rugs, Bath Robe Blankets, Auto Robes, etc. We have always carried a large line of such goods, but never before had a chance to show them.

Xmas is not far away. Our Bedding Department will suggest many nice gifts. Our reputation insures that blankets sold here for all wool, will be all wool; that if they contain cotton, we will tell you so, and that they will be fresh from the mill, as no bedding is taken back or exchanged.

Among Our Exclusive Woolens

These are suitings of the highest as well as of medium grade, consigned to us only. The new hop-sackings are among them, chevrons, double face goods with chevrons face, and men's worsteds in pearl grays, cream grays, smoke and Oxford. Also exclusive patterns in English chevrons and serges for men's and women's wear, in the new blues, browns and greens. And the hard twisted worsteds in various shades of gray. Splendid dust shakers for California wear.

Prices, a yard..... **\$1.75 to \$7.00**

(This Department is just off from the Dress Goods Section.)

Special Sale of Trimmings
25c Yard. Values up to \$1.50

This is our first sale of trimmings this season. You will find them more than WORTH WHILE. Pastel colored appliques; black, white and colored plain and fancy braids, and fancy bands of many different colors.

Beautiful Brocaded Poplinettes

The latest innovation in the soft, clinging poplinettes—silk and wool mixed. Some have the stylish moire stripe, some the dot and stripe. In every imaginable new shade or standard shade. Yard..... **\$2.50**

Silk Garments Made to Order

In our own Dressmaking Parlors, on the Fourth Floor, in charge of Mrs. G. H. Cooper. Estimates of cost will be gladly furnished prospective customers by Madame Cooper.

White Shirtwaists
Marked Down to \$1

Exceptionally good values in real pretty waists of many different styles of both blouse and tailored cuts. They come in batiste, dotted Swiss and Persian lawn, and are trimmed with tucks of several widths and with embroideries and laces. Remarkable at such a price.

Coulter Dry Goods Co.

Redfern Corsets
"The Standard of Corset Fashion"

The Redfern patterns are designed and fitted over living models by designers whose knowledge of advance fashion tendencies is unequalled. They may really be called the Corset de Luxe in their perfection of fit and comfort, their lightness and authoritative style.

Prices from..... **\$3.50 to \$10.00**

Trustworthy Linings of All Grades

OUR SPECIAL SATEN LINING—in 21 shades, looks like a 25c quality. Yard..... **17 1/2c**

Tailored Suits
With Some Representative \$35.00 Models

The chilly days will so soon be here that you cannot delay much longer in purchasing your Fall Suit. The cold days always come unexpectedly, you know. Our splendidly full stock contains suits of almost any price, for any service. Today we would like to call your attention to some at \$35.00.

Here is one, for instance, in a warm slate-gray color, a HARD FINISHED SERGE good for steady wear, the coat 7-8 fitting and trimmed with self colored velvet collar, and buttons.

Particularly attractive is a Van Dyck stripe in a new blue of old and pea-cock in shade, 3/4 fitting coat with gracefully cut skirt having the fullness made by inset pleats.

Children's Kimonos from \$3.25 Up

Just like the grown ups, in eiderdown and blanket styles, with cord and tasseled and satin trimmings on collar and pocket. In dainty blues, pinks and grays, and good warm shades of red and garnet, etc.

Opportunities in House Linens

Rugs in Our Third Floor Consolidation Sale

The many lines and grades of goods included in this sale, and their present remarkably low prices, have been published on previous days. Let us now call your attention in detail to some of the most interesting features. Today, for instance, the

CARPET SIZE RUGS from which Selections Can Be Made

There are about 175 of these, for all the rooms of the house. They come from the most famous looms of the country. Here are three examples. NOTE THE PRESENT PRICES:

A Hartford Saxony, the finest domestic rug for hotels, etc. An exact copy in color and design of an Oriental. SALE PRICE..... **\$48.00**

A Whitall Washable Seamless, in the fine Greek scroll design; several good colors. Now..... **\$26.00**

A Bigelow Arlington, in a two-tone red of admirable, refined design. Bigelow Arlingtons have certain standard prices; compare the regular prices elsewhere with this..... **\$23.50**

The Time for Xmas Work

If you expect to make your Xmas gifts, you will have to start pretty soon. The choice of patterns is best JUST NOW, in center pieces, table covers, scarfs, pillow tops, etc.

Stamped Designs (Regularly 75c) 50c

California pillow tops in Mission, point-setta, poppy, thistle and like designs, with pretty contrasting back. VELVET PILLOW TOPS, woven in rich Oriental designs, beautiful colors. Large, 24-in. size..... **\$1.25**

VERONA SATIN—Sold by Coulter exclusively, guaranteed for two seasons. Yard..... **\$1.25**

PADUA SATIN—A guaranteed lining, in a full line of grays, tans, blues and creams. Yard..... **\$1.00**

SKINNER'S SATIN—To match any shade the most complete showing on the coast. Yd..... **\$1.50**

Hundreds of Patterns in Flannels

The most attractive patterns in several grades of light weight flannel, but warm goods for shirtwaists, housegowns, undershirts, nightwear, girls' school dresses, etc.

VIVELLA FLANNEL—An unshrinkable all wool, in the prettiest and best "flannel" weaves and colors. 31-in. wide. Yard..... **75c**

IONA FLANNEL—Some cotton, pretty shades and patterns; will not shrink. Yard..... **45c**

IDEALEAN—A soft, fine cotton reproduction of the best flannel patterns, in blues, tans, lavenders, etc. Yard..... **25c**

tand's famous play, "Cyrano de

some considerable time must have been produced, either for the present project, as two pieces have to be in the order of production. It is said to be sent to the contractor-manager who will play of the dashing gascien, but I least hint that the standards of certainly the announcement that undertake the role in which and the other. Monday, both a dead, achieved the successes lived, will come as an immense to his friends. Charles m, it may be remember⁴ the piece for this country, and vast disappointment made a dashing gascien. The party recall when he first appeared in it in the played to a house of London, the entertaining the thing occurred in 1890. I'd a man assume a character nearly as good as every a better fate is reserved for a on its revival in the West and the other. Monday, he failed to draw a house of at least: enuiled and wherever he put it to bill. I said that the similar tale to tell of its surprising qualities.

CR-MATCHING CRAZE.

Clothing for My Lady's Dog Match Tints Worn by its.

MATCHING.

CONSEQUENCE OF THE TIMES!

THE CR-MATCHING. 2.—Everything is in the craze of the hour. The man, who has any pretensions the vanguard of fashion must try articles in the attitude to be, in an extent has the passion at various acts of lingerie to and with each costume as now with the gown. Some smart have lingerie and jewels of the coloring and the color of the clothing of a tone that hark. The gardener has to take consideration the hues which the favors and lay out his terrestrial beds with the blooms which it them.

A self-respecting woman would taking her pets abroad with their coats and ribbons to the colors she orders her new costumes she, with patterns of them to the costume, give. This is the woman's outfit. This orings means an immense new that already large item in the fashionable wardrobe, for not only have garments to match his mistress the costume, but also identical with those she wears. That a well-known peer, a few years ago, married a midwife actress, who gave some pretext on which to is wife because of her wild ways on the one hand and her pet, hers. In referring to it his club recently: "I was enough to drive the sanest of the fantastic asylum for a saint lions in the home are a source of concern. My wife has at least her boudoir in she favors most in her dress that harmonizes with it. All the London and the violet boudoir in Consuelo of Manchester's house in Square, violet is par excellence the beloved is devoted to it as the Queen weaver. For Consuelo's violet the woodwork came where it was specially dyed, tapestries, curtains and all manufactured at Lyons throughout the house. Baskets and every- covered with the delicate color herself in her wonderful patterns and myriast embroid- owns and a striking figure therein. friends are entertained in at the other side of the cups and saucers are in of violet. Very often when is visits the Duchess he violet tie, violets in his but- and socks of the same hue allment to his hostess.

There is a little like that of a Mrs. George Keppel de an orange-colored boudoir. I suppose that the Duchess off but it harmonizes with her wear. It will "go" with broken or their favorite Hon. M. de la Roche of soft artistic tints in red and the story goes that she binds herself to the color which "swears" at that may be wearing, she bids a mat. However, this is but a manly to will not sit in discordant s. This is why public rooms so often in neutral colors, and to one who is a woman who hope for sure above all things be com- plicit, guests who are catered for as well as their

derick during her brief plays uses her "shamrock" bou-

the dear little plant" sent a week for its decoration. It makes a tolerable back-most color. Lady Limerick has nothing to say. Only once did she say that was when a lady came. Women who wear make-up and a coat for the reason, she was not per her surroundings. Let her were. She was frosted and colored and the Irish, upon which an Irish were present, said it was a green above the red and lamb for Ireland."

RESTS DRAW RAIN.

to Settle the Question to One of the Hawaiian Islands.

tion Star]. Acting on the V. C. Mendenhall of the bureau of coast and survey who has been spending weeks at Honolulu investigating resources of Hawaii, the is planning to carry out the will attract attention the world. This will be of an island for the determining whether the presence of vegetation and any appreciable effect on or water. The rain picked out is Kahoolawe, miles off the southwest end, containing about fifty. This island has been sheep ranch for a number of years and has been run over as the result of vegetation. Some time ago it was heavily because of the island will be and will be taken by Mendenhall advice, and what said out is this: The island is covered with vegetation, careful and systematic, if the rainfall in its present. As soon as the land is government, a systematic will be instituted and the elevations kept up. If the increase in precipitation of the new forests it will be that the forests are the increase in precipitation. The first really extending over carried on in the determining the relation between the rainfall and the is watched by hydrographers latest interest.

SPORTING NEWS, LOCAL AND TELEGRAPHIC.

HARD STRUGGLE.
ANGELS WIN IN NINTH INNING.

Pull Apparently Hopeless Game Out of the Fire.

Morning Contest Goes Ten Innings to Tie Score.

Beall Wakes Up and Punches Ball Hard and Often.

Los Angeles, 3; Sacramento, 1. Morning game. Ten innings.

The Angels managed to break even on the series with the Senators by winning the afternoon game yesterday in a sizzling ninth inning finish that happened after a number of the fans had left the grounds in the belief that the locals would win.

The morning game at the Vernon grounds ended in a tie 3 to 3 after ten innings had been played and the eighth was half finished. The two-hour time limit stopped play and the game reverted back to the tenth inning.

The day was filled with all the excitement of baseball, for in the morning at Vernon the ball was slapped all over the lot and the teams made ten runs and twelve hits in the first two innings before the heavens had time to take a long breath. In the afternoon it was just the other way for the Senators would not have made a run but for two bad errors in the first inning and the locals would not have fared any better had not Beall come into the stretch too tired to stick out the nine innings.

The big feature of the day was the batting of Beall of the Angels, who hit three singles in five times at bat in the first game and three in four times up in the second game. In the three times he missed he fanned twice and sent a long fly to center field and the results of the day will do much toward winning that medal. The premier fielding was shown by Darringer of the Senators and he kept the big crowd of fans gasping at some of his wonderful stops and assists in the first game.

The second game was by far the best in the way of good baseball for it was a pitchers' fight all the way between Beall and Nagle. But three Senators got to second in the first two innings and the only hard hit of Nagle was Gandi's double toward the Chutes game in the ninth, but as the best two men chased out over the outfield, this Gandi swat was of no importance. Beall did almost as well for eight innings but in the ninth he went to the bat and lost the game. Good flinging done away with all possibility of spectacular fielding and there was nothing in the fielding in the matinee performance.

In the first with one out Darringer hit a single to center and Ross in center field in the first inning. In the second, one run resulted from three hits, one of which was a long fly which hit the left field fence. In the third inning came in on an error by Brown after he had lined a hit to center field. Beall then drove the home run secured by Martineke, the new Vernon came to scoring was when Haley reached third in the ninth.

The score:

Los Angeles, 3; Sacramento, 1. Morning game. Ten innings.

The morning game was surprising from the fact that both teams made runs with very little effort. In the first innings for the Senators, singles by Shinn and Darringer, Jud Stein's error of Myers' grounder, two fielders' choices and singles by Doyle and Graham scored the runs. In the second, an error by Wheeler, a single, passed ball, wild pitch and a double made two more runs. The next one came from a steal and a high, useless fielder's choice and the final from two singles and a steal.

For the locals, Doyle's error of Wheeler's grounder, Jud Stein's pass, a fielder's choice and Delmas's double to right made the runs. In the first inning and three singles, a pass and a steal made two more in the second. The final one resulted from two singles and a steal.

Dillon tried out a new buster named Wolfe from one of the local amateur teams and he made a fairly good showing in right field. He showed a beautiful jumping catch of Shinn's fly in the third inning of the first game and fell down backward in grabbing the ball.

The score:

Los Angeles, 3; Sacramento, 1. Morning game. Ten innings.

Los Angeles, 3; Sacramento, 1. Morning game. Ten innings.

Los Angeles, 3; Sacramento, 1. Morning game. Ten innings.

Los Angeles, 3; Sacramento, 1. Morning game. Ten innings.

PITTSBURGH FANS TO GLADLY WELCOME VICTORIOUS PIRATES.

[BY DIRECT WIRE TO THE TIMES.]

PITTSBURGH, Oct. 17.—[Exclusive Dispatch.] The Pittsburgh baseball team arrived home at 7 o'clock this morning. Tomorrow they will be met by a parade, in which civic clubs, old-time baseball players, amateur teams, fans and other organizations will participate. The Mayor and his official family will go the entire route.

Over 50,000 people are expected to crowd Forbes Field, where a ceremony will be held. Addresses of welcome, the freedom of the city and praise for the honor brought to Pittsburgh will be extended. Congressman James Francis Burke will deliver the principal address and present the players with checks for their share of the receipts of the seven games. Each player will receive over \$1800.

On the train coming over from Detroit two purses were made up for Babe Adams, one by his team mates and another by the fans. Adams is receiving enough homage to turn a hero's head, but the experience is not spoiling him. He went quietly to his home.

There will be more noise at Forbes Field tomorrow than at any other time in its brief but spectacular history. Marshall and his assistants have been appointed to do the thing right, and there will surely be a reception. A grand stand has been constructed in the center of the diamond where the players, one at a time, will learn just what the fans think of them for their work during the series.

VICTORY EASY FOR SCOTCHMEN.

SOCCER SEASON OPENS BEFORE VERY SMALL CROWD.

Gorfunke Scores Tally for Local English Team—First Coastest Pleases Spectators—Rapid Passing and Clever Boot Work Clinch the Game for Reds.

The Scotch team easily outplayed the English eleven at Fiesta Park yesterday afternoon, winning the first soccer football game of the season by the score of 7 to 1. About 400 persons witnessed the game.

During the first half the playing was fairly even, the Scotchmen scoring only twice and the English team once. But in the second, half the red and white men played circles around the whites, blanketing them with 5 goals to 1.

The Englishmen had hard luck with their men, Wilcox going out of the game with an injury to one of his knees, and Bowen coming in to take his place. Burden, goal, also retired, run in both scores, medal and qualifying for the Marksman decorations.

Medal scores were:

MINES AND MINING.

CONNIE CLARE TO PUSH WORK.

Moneyed Men Buy Into the Company.

Fifteen Thousand Dollars for Machinery.

Monopah and Tidewater Will Build Spur.

At a meeting of the Bonnie Clare's directors on Saturday steps were taken toward radical changes in policy and an active campaign of exploitation of the Nevada property. W. L. Holt, president of the First National Bank of this city, and George W. Walker of Los Angeles, also interested in mining oil, each bought an extensive interest, and Mr. Walker was elected a director.

A contract was closed here on Saturday with the Allis-Chalmers Company of Chicago for \$15,000 worth of machinery to increase the capacity of the mill from ten to twenty tons a day.

A. J. Trumbo is the new manager, and he confirmed this in an interview with The Times correspondent. The mill at present consists of two stamps, ten stamps, and ten stamps, ready for ten additional stamps. It is a forty-five horse power. The addition of ten stamps, four stamps, four stamps, and four stamps, will make a complete system, and an Oliver continuous filter, the installation of the cyanide and other new equipment will make this a thoroughly modern plant, which will be of great benefit, not only to the mining company, but to other mines in the district, as it will run as a general custom mill.

W. W. Whitner, president of the company, who lives in San Diego, is a Goldfield short time ago to investigate conditions. He is satisfied that the company, under competent management, will be made one of the best in the district. A majority of the stock is held in Los Angeles.

The Nevada-California Power Company has contracted to furnish 250 horse power. The individual motor system will be used.

The Monopah and Tidewater Railroad is contracted to build a spur from Bonnie Clare station to the mines of the Gold Mountain district. It has been shown that a grade, not exceeding 10 per cent, has been obtained, and that the mine can be made profitable.

During the last few days Will Luckhart, the railroad's engineer, has been looking the figures submitted, and has expressed his approval of the spur. The proposed line will be seven miles long, and within easy reach of San Diego, the Oriental, Nevada Gold, Hawthorne, Courbet, Mayfield and other of the Bonnie Clare group.

Five cars have recently shipped from the mine to the Salt Lake. The Los Vegas and Monopah has a similar extension under consideration, and will probably decide to build.

GOOD NEWS.

RED SPIDER IS NOT HARMFUL.

GOVERNMENT ENTOMOLOGIST RELIEVES GROWERS' FEARS.

Post in Lindsay District Is Not Harmful to Citrus Fruits—Work Is Resumed at Magnesian Mines. Wealthy Pioneer Is Charged With Assault—Large Realty Deal.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PORTERVILLE, Oct. 16.—Telegrams from Washington and reports from the office of the Horticultural Commissioner here today, state that the spider found at Lindsay, supposed to be the deadly red spider, and over which there was much excitement, is a greenhouse spider, and is not harmful to citrus fruits, and is comparatively harmless as far as citrus fruits are concerned. There was, however, great excitement in the Lindsay district over the original announcement of the existence of the pest, spraying planes were put to work in the orchards and the infected seed beds, young plants were uprooted and the soil of various areas saturated with poisons.

The Washington dispatches were given by Dr. Oren H. Kirtland, government entomologist, and were in response to sample insects which were sent to the Bureau of Agriculture, with a request that they be identified. Distinction between the two varieties of the insects is almost impossible, and requires a powerful microscope. The citrus variety of the spider is marked upon the back with four little black dots, while the harmless greenhouse spider has the red spots. Wherever they are identified.

WORK IS RESUMED.

Work has been resumed on the magnesian mines on Rocky Hill. The right to take out the ore has been sold to a carbonic acid gas manufacturing company of the northern part of the State, after the workings had lain idle for some months. The mines were originally exploited by paper manufacturers of the North Coast, who used the ore for bleaching pulp. Low-grade material was struck some months ago, however, and the working stopped. Later it has been found that these ores are almost 100 per cent. weight, carbonic acid and consequently are eagerly sought. Tulare county owns the only commercially available deposits of this ore in the State. Practically all of the magnesian in use in the country is imported from Greece.

ALLEGED ASSAULT.

A. J. Scroggins, a wealthy pioneer of the Dinuba district, is under arrest in Visalia charged with assault with a deadly weapon, on A. Gore, his tenant. The case is being handled by the Visalia police, without cause, inflicted several wounds upon him with a knife. Scroggins on the other hand, says that Gore came into the yard of his home with a gun in his hand and demanded payment of \$25, a debt over which Gore has been a dispute. Scroggins alleges that Gore came into his house, with Gore in pursuit and finally, to save himself from personal harm, drew his knife and defended himself. Scroggins is over 70 years of age, and has been a resident of the Dinuba section for thirty years.

REALTY DEAL.

One of the largest single realty deals consummated this season is the

THE POLITICAL WATCHTOWER.

Mr. and Mrs. Fred Huffaker and Mrs. Harry Dineley, who were lost in the hills back of Eshom Valley, wandered in the darkness Tuesday night, and, at 5 o'clock Friday morning, were accidentally found by a hunter, who put them on the right road to the settlement at Auckland. The party was plentifully supplied with provisions, as they had started on a ten-day camping trip, but, expecting to take further supplies sent to Auckland. They were clad in summer clothing.

A DIFFERENCE.

NEW ESTIMATE ON WATER COST.

LATEST FIGURES FOR CITY OF EL CENTRO ARE LESS.

Supervisors Make Liberal Offer Concerning Wells—Inducement of Free Site for Building of Court-House—More County Bridges—Comforts for Travelers Over Desert.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

EL CENTRO, Oct. 17.—The Advisory Committee, recently appointed by the El Centro Chamber of Commerce to work with the City Trustees in securing a municipal water system for this city, has received some interesting figures from W. F. Holt regarding the plans proposed.

C. E. Pearson, Jr., made estimates for the city system some weeks ago, but the figures submitted by Mr. Holt are fully \$20,000 below that estimate, and they are based on rates at which the city of Imperial has contracted for its municipal system.

Mr. Holt's estimate is that a plant suitable for this city can be installed for \$42,000, or that for \$30,000 more such a distributing system—one to carry filtered water and the other to carry settled water—can be installed.

Members of the Board of Supervisors are now considering the offer, and are as favorable to passing a resolution offering to reimburse any city of Imperial Valley which will sink the land and build the system, as they provided it falls to secure water. The plans under consideration for El Centro municipal water system provide for the sinking of such a well.

FREE COURTHOUSE SITE.

H. R. Balcom has offered the Supervisors a donation of ten acres of land lying along Main street and west of the city limits, as a site for a new Courthouse. The only restriction made is that in case the Courthouse is not built, the land shall revert to the donor. The offer has been taken under advisement until the next regular meeting of the board.

The Supervisors are advertising for bids for the erection of two new bridges across the New River. One of these is to be located at the intersection of the section of the Rockwood switch, in District No. 4, in the northern part of the valley, and the other bridge is to be in the territory to the west of Calexico.

Acting under instructions from the County Board of Supervisors, Charles H. Brown, supervisor of the Coyote Wells district, has erected a ramada, or shady shelter, \$242 feet, with seats for three hundred persons, and a building for the storage of goods, and a building for the storage of goods, and a building for the storage of goods.

He has also constructed, mangers and feed boxes, hitching racks and a building for the storage of goods, and a building for the storage of goods, and a building for the storage of goods.

Persons traveling across the desert between the settled portions of Imperial Valley and San Diego county, a way-side blacksmith shop has been established about a half-mile from the Coyote Wells, which is a great convenience to the automobilists making the desert trip.

SAILS SALTION SEA.

The ship "Mayflower of Colton" is the latest addition to the craft sailing out of the port of Visalia. It is a 100-ton schooner, and is fitted with sails. Several Southern Pacific officials will be the guests of Mr. Colton on a trip over these waters, with duck shooting as the incentive. One of the most notable sailings in Imperial Valley this fall was closed yesterday, when C. E. Sprague sold to Charles and A. L. Bliss the C. Bradford ranch, east of El Centro, for a stated price of \$40,000, or \$125 an acre for the 320 acres. Mr. Bliss has purchased the ranch for his family home, on Olive street, and will locate his family here. The purchasers are newcomers from Illinois.

KING EDWARD'S JOB.

Is a Harder Worked Man Than Any Mechanic or Other Workman in His Empire.

(Boston Traveler.) Most everybody envies a king his job; the power, the subjects, the honor, the glory, the respect to most people, but it is doubtful if there is a workman in the community who works so hard and so conscientiously as King Edward.

King Edward of England is now almost at the allotted age of the prophet. He is an old man, not withstanding. In one week in July he visited the Wellington and Rugby schools, opened new buildings at Birmingham University and the Victoria and Albert Museum at South Kensington, laid the foundation stone of the Imperial College of Science at London, presided at the opening of the Empire Exhibition at London, and attended the Royal Agricultural Society show at Gloucester; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot; attended the Royal Agricultural Society show at Gloucester; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 10th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

At each place he listened to the formal speeches of the authorities and made a speech in reply.

On the 11th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 12th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 13th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 14th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 15th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 16th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 17th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 18th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 19th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 20th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 21st of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 22nd of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 23rd of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 24th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 25th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

On the 26th of the week were: Laying the foundation stone of the New Kings College Hospital at Dulwich; opening of the Royal Victoria Hospital at Millbank; a review of the military hospitals at Aldershot; a dedication of the Royal Victoria Hospital at Millbank; and an inspection of the military hospitals at Aldershot.

THE POLITICAL WATCHTOWER.

Alas, the poor old Eighth Ward! That is to say, the reciters say. The local formerly known as the Eighth Ward. What has it done that it should have no consideration at the hands of the city? Good Government? No! Here Boss Lissner has gone, and will be picked up by the old-time candidates—odds and ends of them—in all the parties, wards but the Eighth, which, apparently, is not on the list. It is not that the city is in the First Ward, but rather the "locality formerly known as the Eighth Ward," etc.—in the Second, Third, Fourth, Fifth, Sixth, Seventh and Ninth. There are about three times as many G.O. candidates in the city as in the city council. The city council of nine elected by the Republican City Convention.

FANS TO GLADLY VICTORIOUS PIRATE.

ET WIRE TO THE TIMES.]

There will be more noise at the hands of the city than at the hands of the city. The city is in the First Ward, but rather the "locality formerly known as the Eighth Ward," etc.—in the Second, Third, Fourth, Fifth, Sixth, Seventh and Ninth. There are about three times as many G.O. candidates in the city as in the city council. The city council of nine elected by the Republican City Convention.

It seems clear that the G.O. will not spend in the Eighth Ward any more than the \$15,000, which the bosses say the organization will have to squander in the election, not to mention the individual expenses of candidates.

In their exuberance, it may be that the bosses figure that they can get along without the thousands of dollars which the city is in the First Ward, but rather the "locality formerly known as the Eighth Ward," etc.—in the Second, Third, Fourth, Fifth, Sixth, Seventh and Ninth. There are about three times as many G.O. candidates in the city as in the city council. The city council of nine elected by the Republican City Convention.

However, it is not apparent that any such attempt will be made to present for the concentration of the elective power in one division of the city, though it is possible under the charter of Imperial Valley to do so. The city is in the First Ward, but rather the "locality formerly known as the Eighth Ward," etc.—in the Second, Third, Fourth, Fifth, Sixth, Seventh and Ninth. There are about three times as many G.O. candidates in the city as in the city council. The city council of nine elected by the Republican City Convention.

While the G.O. has ignored the Eighth Ward in the matter of candidates, it has not by any means lost sight of the fact that there are now, and will be to the very day of the election, nine candidates in the city, known as a ward. Very clearly is shown by the list of candidates published in The Times yesterday that there are from two to four out-and-out G.O. candidates in each of eight wards, while there are several others who are known to be of the recall stripe.

Though railing at the Republican City Convention because it ignored the Eighth Ward, it is not by any means lost sight of the fact that there are now, and will be to the very day of the election, nine candidates in the city, known as a ward. Very clearly is shown by the list of candidates published in The Times yesterday that there are from two to four out-and-out G.O. candidates in each of eight wards, while there are several others who are known to be of the recall stripe.

Article I. The administrative authorities mentioned in Article I of the Imperial Valley ordinance shall be the head of each prefecture and of Hokkaido.

Article II. The laborers mentioned in Article I of the Imperial Valley ordinance shall be the head of each prefecture and of Hokkaido.

Article III. The laborers mentioned in Article I of the Imperial Valley ordinance shall be the head of each prefecture and of Hokkaido.

Article IV. The laborers mentioned in Article I of the Imperial Valley ordinance shall be the head of each prefecture and of Hokkaido.

Article V. The laborers mentioned in Article I of the Imperial Valley ordinance shall be the head of each prefecture and of Hokkaido.

Article VI. The laborers mentioned in Article I of the Imperial Valley ordinance shall be the head of each prefecture and of Hokkaido.

News Happenings South of the Tehachapi.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

JUDGE'S TALK VERY PUNGENT.
JUDICIARY NEEDS REFORMING, HE SAYS, AT BANQUET.
SAN DIEGO, Oct. 17.—At the annual banquet of the Bar Association last night Judge Lewis, of the Superior Court bench, said the judiciary needs reforming. He was called on unexpectedly and had no prepared speech. He said: "The judiciary needs reforming and the procedure ought to be, and it is going to be, by lawyers. The bench owes the same courteous treatment to the bar as the bar owes to the bench." Judge Lewis was appointed to the Superior Court by Gov. Gillett. He was formerly District Attorney.

Collector Is Not at Home.
RIVERSIDE, Oct. 17.—No news has been heard of J. C. Dalgleish, formerly collector for the city electric light department, who has been missing for several days. The city auditor has had an examination of his accounts shows them to be in a badly involved state.

Books of Missing Man in Involved State.
RIVERSIDE, Oct. 17.—No news has been heard of J. C. Dalgleish, formerly collector for the city electric light department, who has been missing for several days. The city auditor has had an examination of his accounts shows them to be in a badly involved state.

Crane Convicted.
SAN DIEGO, Oct. 17.—Lewis M. Crane, 54 years old, twice tried on a charge of holding illicit relations with two of his daughters, was last night found guilty. The jury deliberated over seven hours before reaching a verdict. At a former trial the jury disagreed, eight being for conviction and two for acquittal. Crane will be sentenced Monday.

Would Die for Love.
SAN DIEGO, Oct. 17.—When her parents forbade her marriage with the youth with whom she was infatuated, pretty Rose Sanchez, aged 12, attempted to end her life Friday by swallowing carbolic acid. She was in an unconscious condition for five hours while several physicians worked over her constantly. The doctor who saved her. Her mouth and throat are terribly burned and she is still in danger, but the physicians say she will probably recover.

Heroic Work of Comrades.
LABORERS INJURED IN TUNNEL EXPLOSION AT SANTA BARBARA CARRIED TO HOSPITAL ON STRETCHERS.
SANTA BARBARA, Oct. 17.—A. H. Tiffany and Daniel Rogish, who were terribly burned in the explosion at the city water tunnel, yesterday, are in the St. Francis Hospital making a fight for life. It is due to the faithfulness and almost superhuman efforts of their fellow workers that they are here, instead of in their rough camp on the other side of the Santa Ynez mountains.

Police Officer Killed.
SAN FRANCISCO, Oct. 17.—Police Officer J. J. Connelley, 34 years old, was killed by a falling rock at the foot of the city water tunnel, yesterday. He was in the tunnel with a party of men when a large rock fell from the top of the tunnel, striking him on the head. He was carried to the hospital, but died before he could be taken to the hospital.
